Sir:

PETITION TO SUSPEND ACTION UNDER 37 C.F.R. §1.103(a)

Applicants hereby petition to have action suspended in this application for a period of at least 6 months as provided by Rule 103 and MPEP 709.

Dr. Nenad Tomov, the person responsible for preparing and prosecuting this application in the assignee company, Bracco Reserach S.A. of Geneva, Switzerland, was aboard ill fated Swissair Flight 111 on September 2, 1998 when it crashed; see the attached list of those killed on this flight as published in the New York Times. Dr. Tomov was in fact returning to his home in Geneva following a series of interviews at the U.S. Patent and Trademark Office on August 31 and September 1, 1998.

Applicants and those in Switzerland now involved with the prosecution of this application require time to organize and in some cases reconstruct files of the U.S. and other patent applications handled by the late Dr. Tomov. At present efforts are being made to respond to all U.S. applications in which Official Actions or other communications have already been issued.

To the knowledge of the undersigned as of this date there are no outstanding Official Actions or responses required by applicants in this application [see 37 C.F.R. §1.103(a), last sentence].

You are hereby authorized to charge any costs or fees associated with this petition [37 C.F.R. §1.17 (i)] to deposit account 14-1140.

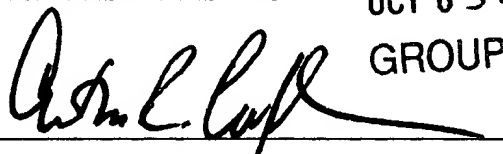

Considering the unusual circumstances involved, favorable action is solicited.

Respectfully submitted,

NIXON & VANDERHYE P.C.
